Roy and Nellie took them to Williamsburg, Virginia. They spent two nights at that beautiful old historic spot. They also motored into Pennsylvania to see an old school mate of mother's and she is also a cousin. Mother loved visiting her as they had such good times as children.

Early Ritzville Story1940 Is Told By Pioneers

Mr. and Mrs. William Lafrenz of 4719 Latona Avenue, Seattle, Wash., will have been married 50 years on January 5th. They were married in Ritzville in the home of Mr. and Mrs. Kerr who acted as witnesses.

Mr. Kerr was the telegraph operator at the depot. Their

ever who knew William Lafrenz and his wife, because, although in about 1894 they went to Spokane, Mr. Lafrenz came back to Ritzville in 1900, where he went to work in a meat market with his brother John.

In 1909 his wife and family joined him and they made Ritz-ville their home then until about 1932 when they moved to Scat-

Mr. and Mrs. Lafrenz were part of a group of 100 or more people who left Davenport, Iowa in 1881. It took the immigrant train on which they made the trip 11 days to reach San Francisco. From there part of the group came to Portland by boat, another boat to The Dalles, Ore, where they took a narrow gauge railroad farther up the Were Real Pioneers Mr. and Mrs. La

Then again by boat to Wallula and from there another narrow gauge train to Walla Walla. With all the hardships and difficulties of such a trip arranging for food and shelter and taking care of baggage, some of the lighter incidents of the passing years are held most viviouy in memory.

For instance, on their way from Wallula to Walla Walla on the wooden railed narrow gauge track, the train went so slow at times that the young men occasionally jumped off and ran along side throwing snowballs at each other and at the train. The train at one time got stuck in a bad snow drift so some of the men went to the nearest farm and got an ox team to pull it free again.

Play 'Dead Dog'

One of the most enjoyable memories Mr. Lafrance bag.

One of the most enjoyable memories Mr. Lafrenz has of work he did in Ritzville was when he helped plant some of those big trees at the depot. Many Ritzville people of the "younger" generation, say somewhere in their 40's will remember getting "weiners" from "Bill the Butcher"—Kathleen Hallin use to have a dog which would go to the shop with her. She would say to the dog, "would you rather be Bill Lafrenz or a dead dog?"

"The dog would invariably fall "dead" on the floor and have to be resusitated with a nice bone from the ice box. Aside from the many years he spent in the butcher shop, Mr. Lafrenz also recalls with great pleasure the times he acted as deputy assessor under Mr. Perkins. During these assessment periods he covered practically all of Adams

Mrs. Lafrenz has also made numerous friends among the people in and around Ritzville. During the World War she worked wholeheartedly in the Woman's Relief Corps and with the Red Cross

Both of them would appreciate hearing from any of their friends, some of whom could perhaps date some incident of interest that has happened within the last 50 years.

Their address is 4719 Latona,

God looks down at Easter
In a loving kindly way,
And He sends an angel's message
On this extra special day,
Just a smile of reassurance
And a way to understand,
Sure would seem He's close beside me
Reaching out His helping hand

God sends love at Easter In the words so ofttimes told, In His church He lights a candle That each weary heart might hold, He puts hope within His listener, And the richest faith of all, In the oldest Easter message That we once again recall God is ours at Easter, Lending strength, forgiving sin, And He lives within our own souls If we'll only let Him in He's a part of every service, Every church within our land, God is reaching out at Easter—Reach out, too, and take His hand.

leaf sheets and according to circumstances, can be added, deleted, or altered. RITZVILLE HIGH SCHCOL graduated it's first CLASS in the year of 1905 with 13 students. There is a book for each CLASS beginning with 1905 up to and including 1980. In 1956 the school celebrated it's 50th ANNIVERSARY with a banquet at the Marcellus Grange Hall with over 500 in attendance. Our DIAMOND Jubillee will be in May of 1980 when we will celebrate our 75th year. I have no intention of carrying this history beyond that date.

Each book is 12" x 14" in size and the sheets are reinforced with scotch tape. Each SHEET contains the following information: NAME of each GRADUATE, (full name if possible). address, signature, birth day, names of husband or wife and children, their parents and dates, relatives who graduated or attended NHS, school and college records, marriage, family, activities, death data, trade or profession and where live and work, and any other data or information which can be gathered from newspapers, magazines, letters, interviews or from any other scurce possible.

source possible.

I have endeavored to arrange the material in a neat and orderly fashion and the names alphabetically and chronologically when possible. I realize many mistakes have been made in placing correct data in the proper place but so many of the names are duplicated. Mr. Vic Rogel helped me immensely in the identification of families also Mrs. Nabel Burrell and Mrs. Robert Clark. (Miller) and many others too too numerous to mention. Of the faculty Mr. Lloyd was wonderful in his assistance.

I started this record in the month of May, the graduation at the Old Concregational Church and obtained the signatures of the graduates or onion skill paper and you will notice that when they signed 50 years later the writing was very similar. I then books to our first SUPERINTENDANT.

I have taken the Journal-Times (2 copies) for many years for information. Also subscribed for the Harvester and purchased 5 or 6 copies each year of the Annual, the Kernel. While visiting the banquet each year hundreds of pictures were taken and I hope placed in the proper place. To do this it took every minute of my spare time of work but I didn't mind any of these things as I enjoyed it so much and I have always been under the impression that it was worth while. That I shallnever know for sure. It is my hope that the library will come to rest in the addition that Vic promoted onto the high schood building and there they will repose and be available to future generations. If anyone thinks it is necessary to continue the records say on to the year 2000 or more maybe some individual who in his or her dotage has a weakness for cutting out paper dollies, saving clippings from the papers, and pasting in pretty picture books will carry on Theremust be someone in the around 2500 of us who were fortunate enough to have had the opportunity to attend and gather the fruits of knowledge and experience in Ritzville High School, the finest, the most excellent school on earth.

That Ritzville produces winners in more than one line was again demonstrated on last Saturday evening at the High School when Willis Tiller, the son of Assistant Postmaster Tillet, won the gold medal given by the county at the annual declamatory contest. The other contestants in this contest were Rox Donaldson of Lind, and Willard Metz of Hatton. While the contest was quite close there seemed to be an almost unanimous opinion that the award was properly made. The judges of the contest were Miss Bristow, the dramatic reading teacher in the Chency Normal, Supt. Whitford of Sprague, and Hon. John Truax of Ritzville.

I graduated from RHS in June, 1909 and took advantage of a scholarship, whic by the way no one else in the Class wanted and entered Whitman in Sept, 1909. In 1913 I was back in Ritzville looking for a job and got one working for Wm. Hence the attached program. I remember distinctly the evening as we had a lot of fun and the people present were in a lively mood and they helped me get away with the theme of the evening, which was FLOWERS.
