COVID-19

CORONAVIRUS OUTBREAK

HEARTBREAK

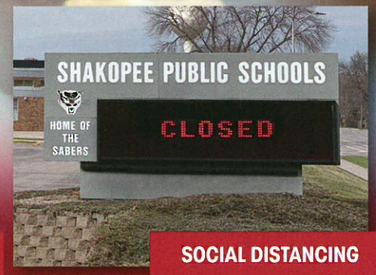

The emergence of a new coronavirus strain in 2019 becomes one of the largest public health threats in recent history. The novel coronavirus causes a respiratory illness called COVID-19 that produces a cough, fever and trouble breathing. After its discovery in China in late December 2019, COVID-19 quickly spreads across the globe with 1.4M total confirmed cases as of April 7, 2020. Efforts to flatten the growth rate of COVID-19, including school closures, result in major changes to everyday life.

LIFE IN QUARANTINE

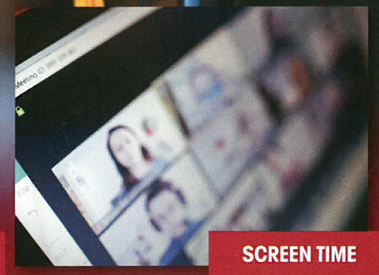

SUDDEN SHORTAGE

Stores across the country find themselves with cleaning and sanitary product shortages due to panic buying and hoarding behaviors. One of the most sought-after products is toilet paper.

SOCIAL DISTANCING

Restaurants, houses of worship, retail stores, movie theaters, shopping malls, schools and more close in an effort to slow the spread of COVID-19 through "social distancing." In March, President Trump recommends limiting gatherings to less than 10 people.

SCREEN TIME

Video conferencing usage increases as people leverage the technology to connect with friends and family.

FLATTEN THE CURVE

In order to flatten the growth rate of COVID-19, social distancing becomes a way of life for many. Examples of social distancing include avoiding larger crowds and staying 6 feet away from other people.

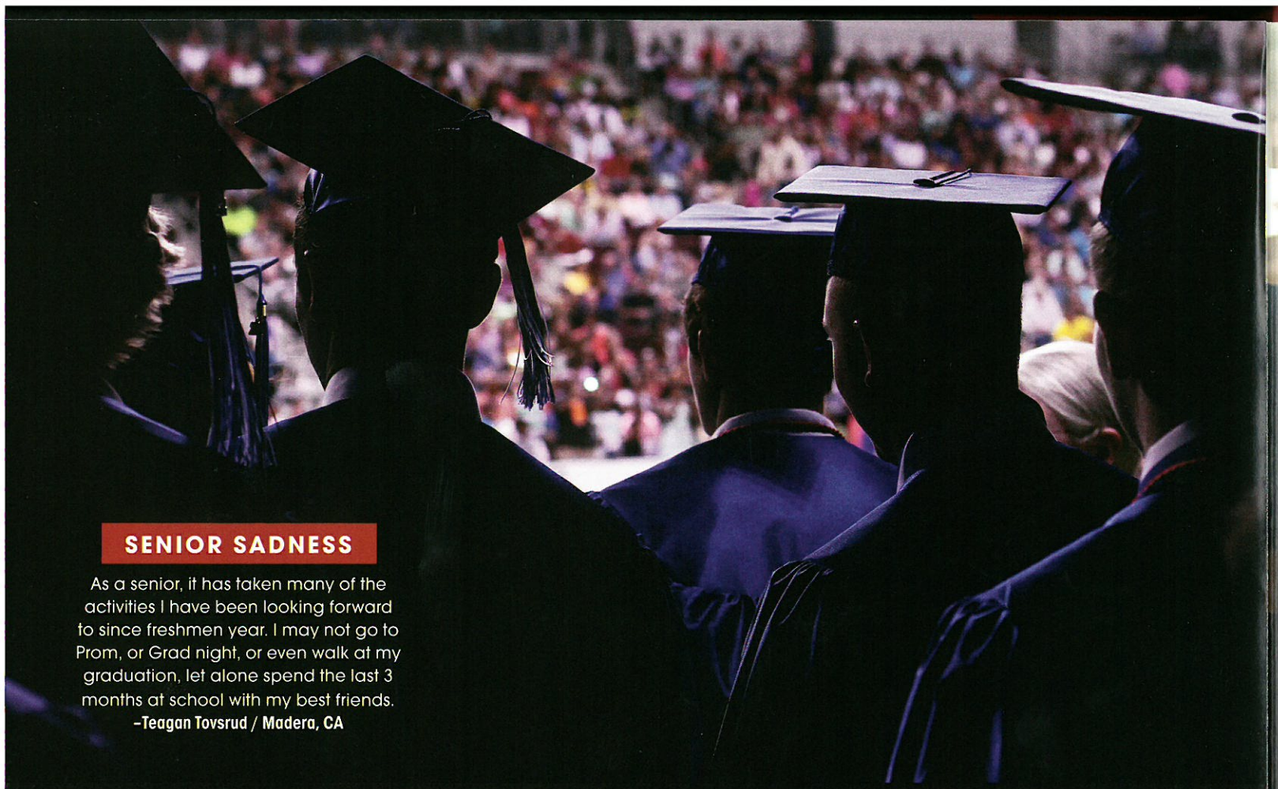

NETFLIX & QUARANTINE

Netflix Party, a Google Chrome extension, lets friends watch Netflix shows together while quarantined apart from one another.

STAY HEALTHY

The Centers for Disease Control and prevention instruct people to wash their hands often with soap and water for at least 20 seconds, roughly the equivalent of singing "Happy Birthday" twice.

SENIOR SADNESS

As a senior, it has taken many of the activities I have been looking forward to since freshmen year. I may not go to Prom, or Grad night, or even walk at my graduation, let alone spend the last 3 months at school with my best friends.
-Teagan Tovsrud / Madera, CA

WHAT EVENTS ARE YOU CONCERNED ABOUT MISSING DUE TO COVID-19?

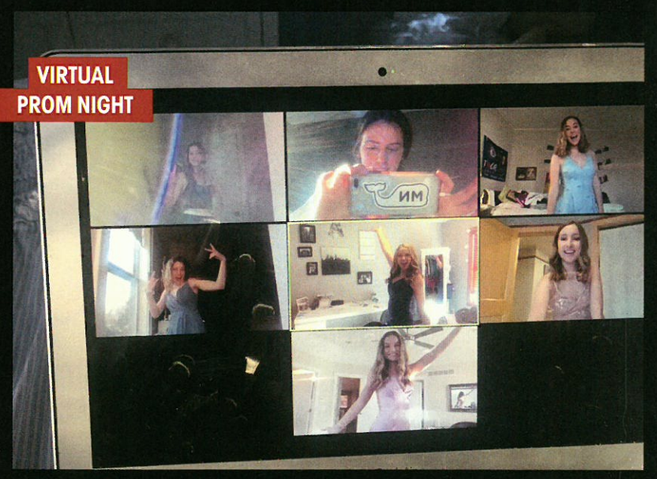

Definitely graduation, I want to walk and I want to have people there to support me and see what I've achieved. If we don't have our families there, it just won't be the same.
-Emerald Ramos / Pueblo, CO

I am mostly worried about graduation and my graduation party. I have been looking forward to seeing all of the people that have helped me get to this place and those who will help me succeed in the future.
-Gillian Telfer / Elk River, MN

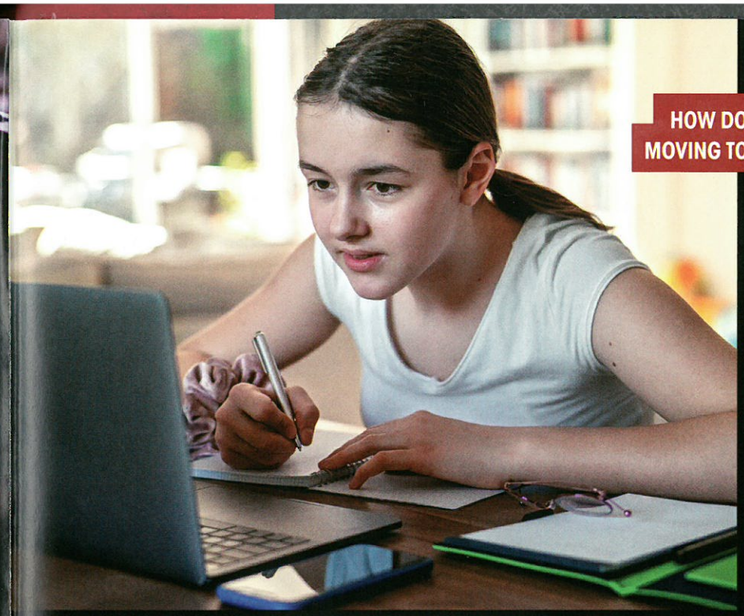

My senior prom could possibly be canceled. I already purchased my dress and I have been looking forward to it for months.
-Whitney Weyforth / Martinsburg, WV

Graduation and Prom mean a lot to me because I didn't work this hard for 4 years to get nothing out of it. Just walking across a stage and hearing the principal say your name is a big accomplishment for a lot of graduating seniors.
-Alicia Fong / Brooklyn, NY

VIRTUAL PROM NIGHT

Classmates from Visitation School in Mendota Heights, MN show off their prom dresses online while quarantined at home on prom night.

HOW DO YOU FEEL ABOUT MOVING TO ONLINE LEARNING?

I understand that virtual learning is necessary, but it makes learning a lot less fun. Interacting with teachers and friends teach you more valuable lessons than you can learn virtually.
-Jacob Engle / Colorado Springs, CO

I initially thought I would enjoy virtual learning, however, it is not as easy as I would have imagined. If I am not begging the WiFi to work, I am resisting the urge to constantly check social media and my messages.
-Elizabeth Jansen / Nappanee, IN

I miss driving to school every morning while jamming to some music.
-Isabella Mulder / Willmar, MN

I actually like it! I can do my homework on my own time and I don't have to wake up so early to do it, therefore, I am more focused.
-Amie Thresher / Colorado Springs, CO

I'm okay with it, mainly because I can stay in my pajamas.
-Nika Lee / Palo Alto, CA

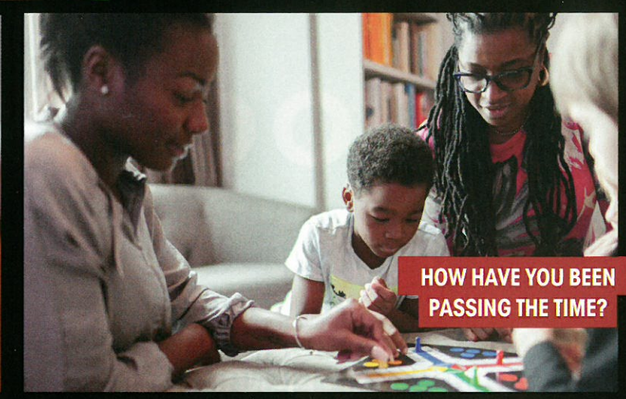

WHAT ARE YOU MOST CONCERNED WITH RUNNING OUT OF DURING QUARANTINE?

I know it sounds cliché, but toilet paper. The reason being that I can't find toilet paper at any local stores because everyone is hoarding it.
-Lilly Marie Weber / Willmar, MN

I am worried about running out of focus. Doing this at home is great but it gets boring very quick.
-Sydney Lindsay / Madera, CA

Dog food!
-Jessica Washburn / Martinsburg, WV

I'm worried about not having access to my teachers (in person). Yes, emails are a way to stay in touch with them, but there's something about talking to a teacher in person that helps me way more than an email ever could.
-Natalie Salter / Bryant, AR

HOW HAVE YOU BEEN PASSING THE TIME?

I am doing a lot of puzzles. 3,850 pieces to be exact.
-John Franklin / Lake Elmo, MN

I have been babysitting since some parents still have to work and can't be with their kids all the time
-Fabian Martinez / Chapel Hill, NC

I have been able to catch up on Netflix!
-Celeste Ponce / Madera, CA

I've learned new TikTok dances and tried new recipes/hacks I've always wanted to try.
-Jacqueline O'Moulasy / Merced, CA

ROOTED IN LOVE

DESPITE THE ADJUSTMENTS DUE TO COVID-19, ARE THERE ANY POSITIVE EXPERIENCES YOU HAVE HAD?

I would say this has helped me connect with family better. We had a family game night Tuesday and movie night last night. It has helped us come together in a not so good time.
-Kendal Lynn Adams / West Carolton, GA

Since I've been staying at home, I've been able to hang out with my little brother and become real close with him. I've never realized how funny he was.
-Anthony Bonet / Naples, FL

COVID-19 has made me realize how grateful I am for the simple things in my life, like being able to go to school every day. Even though I sometimes complain about the workload, I never realized how much I would miss going to school until I wasn't able to.
-Elizabeth Stuart-Chaffoo / La Jolla, CA

I have learned to respect what elementary school teachers do every day because teaching my little brother is DIFFICULT.
-Kameron Koehler / Ladson, SC

WORDS OF ENCOURAGEMENT

WHAT WORDS OF ENCOURAGEMENT WOULD YOU LIKE TO SHARE WITH THE WORLD?

Other generations have had their setbacks and struggles. It seems that our time for them has come and just like our ancestors, we will get through this together. We will come out stronger and more connected than before.
-Brian Miske / Gustine, CA

You can learn something from this time off. Take this time to get stuff you've waited to get done DONE!! Don't take this time for granted. One day you're going to be telling your kids what you did these weeks. Don't have a lame story to share.
-Layten Goudy / Bryant, AR

Try journaling about your experience! I'm sure it'll make for a great story to tell your future family and friends, plus, it helps to get all your bottled up feelings on paper.
-Melissa Harbican / Colorado Springs, CO

Find the silver lining in all of this. I guarantee you can find some good in this abyss of bad. Reaching out to those closest to you is super important if you feel like you're struggling.
- Sydney Scarboro / Westminster, CO
