5 of these year books of RHS have been purchased and paid for by by myself each year from 1958 on in the making of the banquet and Class scrap books. In order to have a complete set of them I am placing them in these frames which can be kept on file for reference at any future time and should be kept in the Alumni Vault at all times. Those I have not used up can be utilized at the discretion of the Ritzville High School Alumni Association. I hereby present to the R. H.S. A.A.

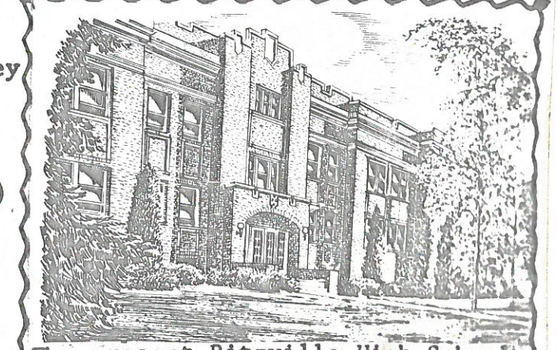

Ritzville High School 1928

RITZVILLE HIGH SCHOOL

Dr. & Mrs. E. Leroy Gilson
209 Downey Avenue.
Modesto, Calif
95354

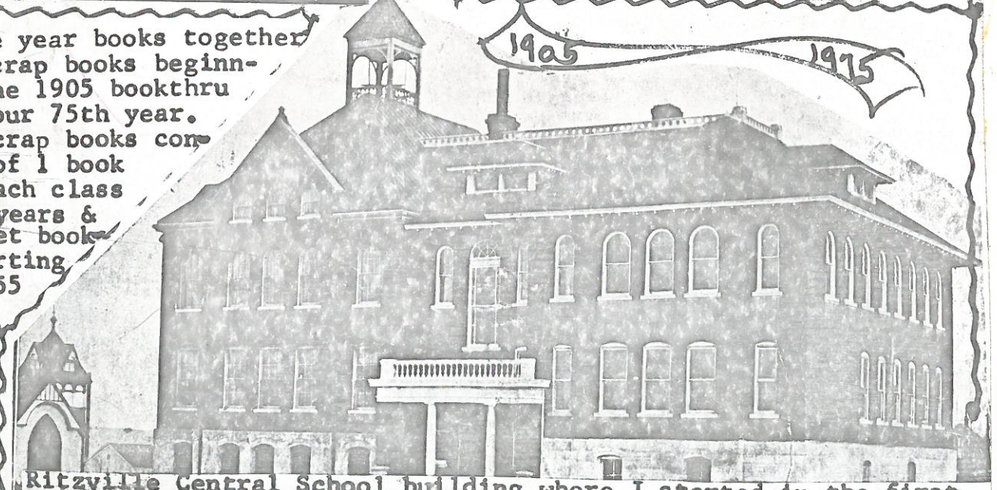

The present Ritzville High School

Ritzville High School 1975 Ritzville, Washington

these year books together the scrap books beginning the 1905 bookthru 1980 our 75th year. The scrap books consist of 1 book for each class thru years & banquet books starting in 1955 our 50th year of RHS.

Roy Gilson 1909

1905 1975

Ritzville Central School building where I started in the first grade in Sept, 1897 & graduated in the same building in 1909. The part under the belfrey was built in the middle 80s and the new part on the right was completed in 1903 at a cost of $20,000

8/7/59 the new annual editor is Sandra Bonar — just in case you'd like to write her

The Kernel 1960

Foreword

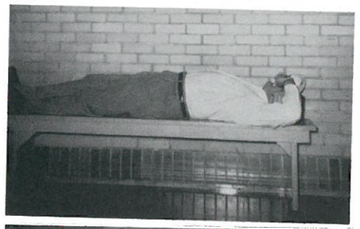

Look not into the Past . . . It comes not again
. . . Wisely improve the Present . . . It is thine
. . . Go forth to meet the shadowy Future without fear, and a manly heart.

Molds for your future have been set during your years at R.H.S. If this book, in some way, will help you to recall the many events and challenges in this 1960 school year and the way in which those events have helped you answer the question of our theme, "WHITHER HENCE," the purpose of this book will have been fulfilled.

Sandra Bonar
Editor

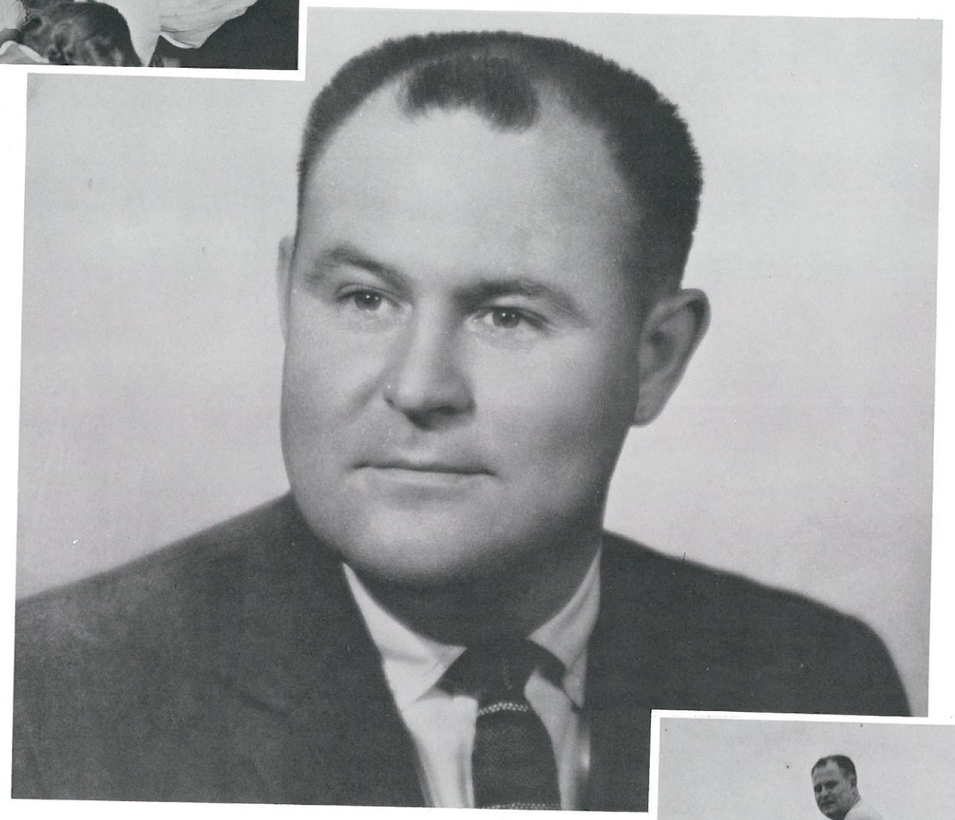

Ritzville High School

Ritzville, Washington

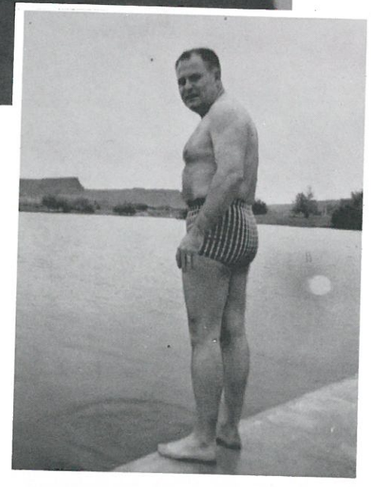

Dedication

The Senior Class of 1960 proudly dedicates this KERNEL to Mr. Melvin Hurst. His efforts for our class have been untiring. He has helped us through the many activities of our Junior and Senior years. He has introduced us to many new fields of knowledge and he has helped us to understand them. His wonderful sense of humor has never failed him or us. To our advisor we pay tribute.

The Senior Class

Administration

FRANK SAYRE

Principal's Message

"WHITHER HENCE" presents a challenge to everyone. Surely we must be constantly aware of our present circumstances, nor can we overlook the possibilities that may alter those circumstances. Obviously, the problems that confront us daily must be carefully analyzed, as the decisions you make determine the direction of progression or regression.

What an individual is today and where he may go may well be determined by the degree of application to the problem at hand. It behooves all of us to strive to achieve every ounce of success that is within the limits of our abilities and capabilities. To this extent, whither we go, and the amount of success we may enjoy, depends greatly upon ambition and desire.

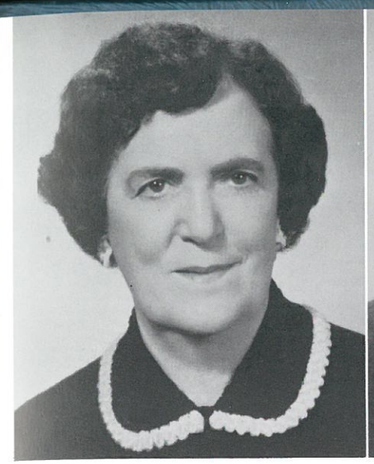

If an individual does not apply himself to the fullest of his abilities in his school work, he may acquire a habit that may prove detrimental in his life work. A lack of effort in school may be penalized by registering an "F" grade, but an employer may not be so patient . . . his penalty may prove much more disastrous. We cannot do anything about the past, but we can do something about the future.

Superintendent's Message

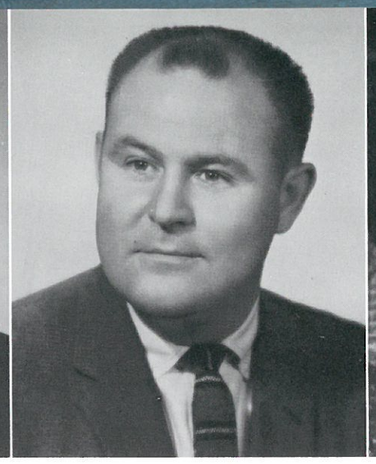

Ours is a good time to be alive. The pulse of mankind is quickened to magnificent challenges in all areas of human activity. The value of a constructive idea has never been higher. No personal experience can be more thrilling than participation in the great adventures of mankind. Today the frontiers for human betterment are unlimited. Yes, this is a good time to be alive!
